Leader BarisBot

國內首創開發「智慧機器人自動咖啡販賣機」，無人化操作提高效率、提升產值，並能穩定製作咖啡及維持品質風味。將咖啡師的巧手與非常細膩柔軟的拉花動作，完整經由Robot模擬體現出來，透過點餐介面可選擇咖啡項目：美式（冷/熱）、卡布奇諾（熱）、拿鐵（冷/熱）、咖啡拉花（熱）、焦糖拿鐵（熱）等，完成付款後，Robot整合周邊系統，精確製作咖啡。

Taiwan's first independently developed Robotic Coffee Shop. Automated operation, enhances work efficiency, increases value and profit, and improve work stability to reduce defect rate. Simulated the delicate and agile latte motions of barista through robots. From the Human Machine Interface, users can select different kinds of coffee, including Americano (Iced or Hot), Cappuccino (Hot), Latte (Iced or Hot), Latte art (Hot), Caramel Latte (Hot), after payment, the robot will integrate peripheral systems to immediately and accurately start to making all kinds of coffee.

產品規格 Product specification

- 主體：長1700 / 寬1700 / 高1950 mm
Machine 1700x1700x1950 (WxDxH) mm
- 製冰模組：長720 / 寬500 / 高1950 mm
Ice maker 720x500x1950 (WxDxH) mm
- 電源裝置：2-220V 30A + E
Power Device 2-220V 30A + E
- 機台淨重：約680 kg
Machine Weight About 680 kg
- 製冰模組淨重：約160 kg
Ice maker Weight About 160 kg
- 進水管道：1/2" (4分管)，水壓1Kg/cm²以上
Inlet water Pipe 1/2" (DN15), Hose Water Pressure 1Kg/cm² at Least
- 排水管道：3/4" (6分管)
Outlet water Pipe 3/4" (DN20) Hose

選購項目 Optional Items

- 儲水箱模組（100L儲水 / 50L廢水）
Water storage modules (100L water storage、50L wastewater)
- 雙飲料模組
Beverage modules (2 types of beverage buckets)
- 雙牛奶模組
Milk modules (2 types of milk)

獲獎與認證 Award and Certificate

- 歐盟CE / IEC 60335-1 / IEC 60335-2-75 / ISO9001:2015 / 國內外專利
Machine with CE / IEC 60335-1 / IEC 60335-2-75 / ISO9001:2015 / patent
- 榮獲 台灣精品獎 / 國家品牌玉山獎
National Brand Yushan Award / Taiwan Excellence Award

產品功能與特色 Features

- 智能化點餐介面容易操作
Simple Human Machine Interface
- 機械手臂取代人力，可精準執行咖啡製作，並能模擬咖啡師製作拿鐵拉花
Making coffee more precisely by the robot instead of human hands and capable of imitating a coffee tender to do latte art (heart pattern)
- 多元付款方式
(1) 電子票證：悠遊卡 / 愛金卡 / 一卡通
(2) 電子支付：VISA、Mastercard、JCB、LINE Pay、Apple Pay、Google Pay、Samsung Pay
Various payment methods are provided (e-Pay such as VISA、Mastercard、JCB、LINE Pay、Apple Pay、Google Pay、Samsung Pay, e-Ticket such as EasyCard, icash and iPASS)
- 後台管理系統：每日消費統計記錄（品項、數量、金額、時間）
Backstage management system calculates all the records of consumption everyday (item, quantity, amount and time)
- 即時發送機台狀態及補料通知、定時發送銷售紀錄（支援Line APP）
Supporting LINE APP, if there is any material shortage or malfunction, where the information regarding machine status can be sent to the vendors in real time or periodically.
- 製作咖啡時會撥放音樂，讓消費者享受體驗的樂趣
Music playing when making coffee, as well as making fun.
- 菜單可設定24種品項（可添加牛奶、兩種糖漿、咖啡、冰和兩種飲料，組合不同品項）
24 items menu can be set (items can be combined by adding fresh milk, two kind syrups, coffee, ice and two kind beverage)
- 具備遠端伺服器監控系統，透過手機或電腦可即時檢查機器運作情況
Surveillance system enables the vendors to check the machine operations simply via the phones or PC in real time
- 機身移動靈活，只需具備進水管和排水管，即可安裝在任何地方
Removable, as long as it has inlet and outlet water, it can be installed in any place
- 具備API功能，可串聯POS系統或APP整合
The machine has API function and can be integrated with the client's POS system. So you can also use your own pos system or APP to order coffee, through the API function, you can integrate it into our machine
- 具備監視器，可即時透過手機瀏覽機台運作情況
With 2 camera, can know the current status of each machine through the network
